INDEX 1353

EXPLANATORY NOTES.

In this report, throughout, the term "Imports" means "Imports for Consumption."

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof when sold for home consumption in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "Canadian Produce" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Canadian Produce" is its value at the time of exportation at the ports of Canada whence shipped.

The value of "Foreign Produce" is the actual cost of such goods.

In this report, the tables of imports and exports at the several ports of entry indicate that merchandise of the value stated was *entered inwards* or *passed outwards* at the ports mentioned, but do not imply that the imports were all for consumption at such ports or that the exports originated there.

The initials N.E.S. mean "not elsewhere specified."

The initials N.O.P. mean "not otherwise provided for."

The expression " ton " means two thousand pounds, and "cwt." one hundred pounds.

SPECIAL NOTE.

Prior to 1920 "Silver bullion in bars, blocks, ingots, drops, sheets and plates, unmanufactured," was included in "Coin and Bullion." Beginning with the fiscal year 1920 it is regarded as merchandise. In order to maintain the value of these tables for comparative purposes, the figures have been revised in accordance with this new arrangement. Consequently, the tables in this report will not agree in their totals of "Merchandise" and "Coin and Bullion" with similar tables published in previous Annual Trade Reports.

NOTES EXPLICATIVES.

Partout où le mot " importations " se trouve dans ce volume, il signifie " marchandises importées pour la consommation."

Les mots " importées pour la consommation" sont l'expression technique adoptée dans le service des douanes, et ne signifient pas que ces marchandises sont nécessairement employées en Canada, mais qu'elles sont devenues la propriété de l'importateur qui a payé les droits sous cette rubrique.

La valeur spécifiée pour les marchandises importées est le prix réel et exact qu'elles commandent sur les principaux marchés du pays d'où elles viennent et au moment de leur exportation directe de ce pays au Canada.

Les mots "produits canadiens" couvrent tous les articles importés qui ont été modifiés dans leur forme ou augmentés de valeur par l'industrie canadienne comme le sucre raffiné en Canada provenant du sucre brut importé, la farine moulue de blé importé, et les articles construits ou fabriqués avec des matériaux importés.

Les mots "produits étrangers" désignent tous articles exportés qui avaient été importés de pays étrangers.

La valeur des "produits du Canada" est la valeur réelle à la date de leur exportation aux ports du Canada d'où ils sont expédiés.

La valeur des " produits étrangers " est le coût effectif de ces marchandises.

Les tableaux des importations et des exportations aux différents ports d'entrée qui figurent dans ce rapport, indiquent que ces marchandises sont passées par ces ports, soit à l'entrée, soit à la sortie, mais ne signifient pas qu'elles aient été consommées dans ces ports ni qu'elles y aient eu leur origine.

Les initiales "n.s.a." signifient "non spécifiés ailleurs."

Les initiales "n.a.e." signifient "non autrement énumérés".

L'expression "tonne" signifie deux mille livres, et "qtl." cent livres.

OBSERVATION.

Antérieurement à 1920, "l'argent en barres, saumons, lingots, lames feuilles ou plaques, non ouvré," se confondait avec "monnaies et lingots," mais il est considéré comme une marchandise depuis le commencement de l'exercice 1920. Dans le but de conserver la possibilité de comparaison des tableaux, les chiffres ont dû être revisés, conformément au nouvel état de choses. C'est ce qui explique que les totaux des "Marchandises" et ceux des "Monnaies et lingots" que l'on trouvera dans les tableaux du présent rapport ne concordent pas exactement avec les chiffres donnés dans les précédents rapports.
